1 A Smooth Ride

Altura Gold is fitted with a soft start and stop device, giving you a smooth and comfortable ride every time you use your lift. Simply press and hold the destination button on the control panel, and let the lift carry you gently up and down through your home.

2 Design Your Lift

With an array of options on offer, the Altura Gold lift can truly become part of your home. Choose from a range of sizes, colours and details for the shaft, walls, floor and doors to create a lift that meets your needs and matches your surroundings.

3 Easy Installation

Altura Gold is designed to fit into small spaces with minimal construction work. The lift is supplied with its own metallic shaft, the lift mechanism fully contained within the shaft. It runs on standard mains electricity and can normally be installed in just a few days.

Altura Gold is fully compliant with all relevant European safety standards.
